

## Juniors 100 Challenge

The Juniors 100 Challenge consists of 100 Challenges which Juniors are encouraged to complete during the calendar year, up to 31st December 2017 and including any that they may have already undertaken since 1<sup>st</sup> January 2017.

Some of the challenges are designed to be completed as an individual, whereas others involve the whole section working together – whichever the case we hope that as many young people as possible will have a go at each and every challenge during the course of the year.

The challenges are designed to encourage your section to get out and about, get learning, get creative, get active and get into the Bible whilst having lots of fun doing so. Hopefully the challenges will provide some new opportunities for your young people and form a part of your weekly programme for 2017.

## Recording Progress

Individual progress with each challenge can be recorded on OBM (under 'Badges' and 'Other Awards') and a downloadable certificate is available on the Juniors 100 website to award to participants as they complete challenges or once they have met specific targets (25/50/75/100 challenges).

If you are not using 'Badges' on OBM then you will need to complete the form available on the Juniors 100 website and submit this to BB Headquarters to confirm you have completed all 100 challenges.

## Getting to 100

Overall completing the Juniors 100 Challenge is based on at least one member of your section participating in each of the 100 challenges. As we become aware of sections completing the 'Juniors 100 Challenge' we will send out a certificate via the Company Captain. There will also be **prizes for the first sections that complete all 100 challenges**, these prizes will include FREE group visits to adventure activity centres and days out to local attractions.

## Sharing your Progress

We would like to encourage you to share what they are doing using the **#juniors100** hashtag - sharing activity on social media is also linked to a number of the challenges.

Please send emails to **juniors100@boys-brigade.org.uk** with pictures and details on how you completed each of the challenges.
